

PlanetTran

chauffeured green car service

What is PlanetTran?

PlanetTran is a compelling alternative to taxi and livery services. We are pioneers in a new category of transportation that we call SmartTransport. Simply put, SmartTransport is delivering the highest professional car service standards combined with best-in-class technology and fuel economy available. All that at the greatest value in the market.

What is SmartTransport?

Smart Rides in Hybrid Vehicles

- Our all hybrid fleet reduces carbon emissions while you travel in clean, comfortable style.
- Safe, professional, friendly drivers dedicated to ensuring your pleasant and efficient experience.

Smart Technology and Services

- Receive convenient text message notifications when your driver arrives.
- Free Wi-Fi™ in every car maximizes your productivity while you're on the move.
- E-reports, e-billing and e-receipts help you easily manage your travel expenses.

Smart Online Ordering

- Manage your account through a comprehensive website.
- Calculate rates for service online using the Quick Quote feature on our website.
- Seamless integration with leading business travel management platforms (Saturn, Cliqbook, etc.)
- Calculate your carbon emission savings using the Impact Calculator.

Smart Value

- Enjoy transparent pricing that never includes fuel surcharges or requires tipping.
- Experience our best-of-breed chauffeured service at the best prices in the market.
- Travel worry-free under the security of our umbrella insurance policy.
- Save the planet one ride at a time by minimizing your carbon footprint.

Reserve your car at www.planettran.com or call 888-756-8876
